about us

NAPOCHIM is one of the leading manufacturers of plastic products in Romania, with a product portfolio that extends from kitchen items, household, bathroom or garden to construction products and industry.

The company's history begins in 1949, when company NAPOCHIM S.A. descended from "Steaua Rosie" Cluj, an industrial cooperative handicraft company. Since then the company has grown continuously gaining technological expertise and experience in the production of plastics.

The last years have meant for our society a new phase of technology and all departments renewal, actions that led to the development of groups of new products, such as garden furniture, materials for sanitation (garbage cans or bins) extruded profiles for interior finishes in constructions and a new range of flower pots. These projects are generated in order to respond better and promptly to customers' current needs, to increase the diversity and attractiveness of our

product offering, with both consumer goods and products dedicated to the industrial market.

With over 1500 products in nomenclature, SC NAPOCHIM ranks today among the most prolific companies manufacturing plastics in Romania, having as main objective to increase the market share by improving performance year after year, in parallel with the renewal of the means of production, generation of products with affordable price and high quality, as more attractive for its customers.

NAPOCHIM products are today present in retail chains like Dedeman, Bricostore Romania, Metro Cash & Carry, Real Hypermarket, Selgros Romania, Cora hypermarket, Auchan Romania, Praktiker Romania, Kaufland Romania, Brico Expert, and in more than 2,000 stores with the help of over 40 distributors who ensure the presence of the company's products on store shelves across the country.
